

Attendance:

Brenden Mattenson

Maddux Houseman

Adolfo Lopaz Villanueva

Time: 11:35-12:35

Topics discussed:

- Beginning of the website and how to handle meeting notes
- GitHub for the website and what we need to add.
 - Creation of index page- next week
 - Work on the read.me
- Filling out the team tracker from earlier in the week and deciding what to do next
 - Completing the team inventory-started and set up in tracker
 - Team startup complete; those involved were noted
- Beginning to talk about code of conduct and team standards
- Talking about mini-intro and what we need to start completing it.
 - Meet with client to better understand their view of the project
 - Dressing more professionally for the presentation
 - Ideas for intro and how to present the idea.
 - Tasks being split up. Split will be finalized as we get more of an understanding
- What questions do we want to ask our client-will be written down before our meeting with client.
