Time: 2:15-

Topics Discussed:

- **For the tech feasibility:**
  - **Each problem and solution should get its own section for ease of reading and understanding**
  - **Possibly list multiple solutions and rate them**
  - **Think of the project as a whole to determine what issues we think are going to be the most important ones**
  - **Cut down some challenges to make it more manageable**
  - **Finish by Friday morning for possible feedback by Friday evening**
  - **Categorize the challenges**
- **We're the best for real for real**
- **Website notes:**
  - **Update timeline**
  - **Remove any "under construction" notes**
  - **Add more info on sponsors, maybe add a new page**
  - **Create a "project personnel page" with everyone included: us, mentor, sponsors**
  - **Possibly add our presentation to the demo slide if it was recorded**
